

I believe any one paying for a telephone line, should be able to maintain their privacy and decide who can call. I support the no-call list 100%, and do not want phone solitions from anyone or company. Automated calls should also be banned, because in many cases you can not stop recording until it completes, tying up the line for several minutes in some cases. PLEASE TELL THE BANKS AND OTHER COMPANIES TO QUIT CRYING AND DON'T CALL WITHOUT WRITTEN AUTHORIZATION FROM THE PHONE OWNER. Thank You!
